

Product Change Notification

PCN No: 2007-09-25-02

Report Date: September 25, 2007

**Subject: Serial LCD (Alphanumeric and Graphic) Displays
Backlight Life**

Reason for Change:

The parallel LCD displays that are used to produce Matrix Orbital serial display modules have gone through a backlight life audit, which yielded to changes in the backlight current limiting resistors used in the displays.

Because of these changes, customers will experience some comparative dimness in the display but can expect longer lasting backlight life.

List of New / Changed Products:

Alphanumeric Displays		
MOS / MOI Series	X-Board S / I Series	LCD0821
LCD2041	LK162-12	LK202-25
LK204-25	LK202-24-USB	LK204-24-USB
Graphic Displays		
GLC24064	GLK24064-25	GLK240128-25
GLK12232-25-WBL		
Variants:		
-V, -VPT, -E, and all colours		

Please see [PCN 20070925-01](http://www.matrixorbital.ca/PCNs/MOP/) in <http://www.matrixorbital.ca/PCNs/MOP/> for more details.

Schedule of Change:
October 2, 2007

Documentation Revision

Revision	Changes	Date	Author
1.0	Initial Release	October 10/07	R Malinis
